Students will be learning how to talk about simple daily routines such as brushing their teeth and what they eat for various meals.

Science

Chemical sciences: Everyday materials can be physically changed in a variety of ways.

Live Events Calendar

As you would be aware we proudly launched our new school website at the end of March. Our website is now a hub for information regarding many facets of our school. If you scroll to the very bottom of the home page you will now find a live events calendar. This is the best port of call for key dates etc. regarding your child’s schooling. The Term 2 calendar was sent home late last term in hardcopy format but dates and times are also visible on our website.
