- 13th November** – PUPIL FREE DAY
- 15th November** – Kindy Transition Visit 1
- 16th November** – Le Fevre Hub Band Concert
- 17th November** – Assembly @ 9:00am
- 22nd November** - Kindy Transition Visit 2
- 27th November** - Kindy Transition Visit 3
- 7th December** – End of Year Concert
- 8th December** – Assembly @ 9:00am
- 12th December** – End of Year Concert back up date
- 13th December** – Year 6 Graduation
- 13th December** - Year 4/5 Surf Safety
- 15th December** – End of year assembly @ 1:30pm
- 15th December** – Early Dismissal 2:00pm

English

During our InitialLit lessons this term, the children will learn the final letter-sound correspondences. By now, routines are very well established and the children are continuing to gain confidence in their reading and writing skills.

The last two sets of the Foundation Program will see the children being able to tackle words that have four phonemes (e.g. stop, sand etc.) These words are referred to as CVCC & CCVC words (consonant, vowel, consonant, consonant words & consonant, consonant, vowel consonant). The children will now know all single letter-sound correspondences, so the reading of these longer regular words is simply taking the next step, using the same strategies of segmenting and blending that they have been practicing all year.

Students will write simple information reports showing their understanding of the structure and key components of an information report, including classification, appearance, habitat, diet and interesting facts.

Writing

Students will participate in tasks to support them in the skills needed to write an information report. Students use basic conjunctions to expand their sentences (and, because and so).

Other Learning Areas

HASS – Celebrations: We will be learning about different celebrations around the world and how people celebrate these events and why.

HEALTH – Child Protection Curriculum. This term we will be focusing on the topics 'Privacy and the Body', 'Recognising Abuse', 'Secrets' and 'Strategies for Keeping Safe'.

HOME LEARNING - Please continue to listen to your child read the decodable texts and record in the 'My Home Reading Diary'. Practising 'tricky words' (words to be learnt by sight) supports students to read fluently. These words can be found at the back of the 'My Home Reading Diary'. We appreciate your continued support with reading at home.

PE

The fundamental movement and ball skills to be developed through Physical Education this term include: rolling, balancing, running, jumping, hopping, dodging, skipping, bouncing, throwing, catching, kicking and striking.

Music

In Music this term students will continue to consolidate their understandings of musical elements through games, activities, stories, rhymes and responses. Body percussion, spoken voice and instruments will be used where appropriate to build upon prior learning and create music in new and rich ways.

STEM

This term students will be exploring how to manage making materials and create a sustainable STEM room. Students will also be discovering the tools, equipment and techniques used to prepare food safely and hygienically for healthy eating.

Indonesian

'Rumah saya' (My house) – Students will be learning how to share simple descriptions about their house and other houses. They will be learning some room names and activities that occur in each.

Science

Weather in my World.

We will be learning about weather and how this impacts what we wear and the activities we do, along with how weather affects animals.

The Arts - Dance

This term all classes R – 6 will be engaging in dance as preparation for our 'End of Year Concert'. The 'End of Year Concert' will take place on Thursday the 7th December and serves two purposes for us here at Largs Bay School. Firstly, for students to hone their choreographic and performance skills and an appreciation of their own and others' dances and secondly, as a community event and celebration.
